

Pew Cottage, Porthleven

“Pew Cottage is a wonderful example of a new holiday cottage converted from the former gig rowing club in the centre of Porthleven and is just a few steps from the harbour ”

The cottage is finished to the highest possible standards with solid wood flooring, granite worktops, wood burning stove and high quality bathrooms. Pew Cottage has one double bedroom with en-suite bathroom and one twin bedroom with en-suite shower room all on the ground floor. The whole of the first floor is open plan, taking superb advantage of the building's features and the owners have taken great care in furnishing it in a way that compliments the spacious room and modern decor.

A private parking place completes this beautiful addition to our portfolio.
